

# TROOPS WORN OUT; REST AT MALOLAS

## Troops Sent to Treat With U. S. Commissioners.

### AGUINALDO FAVORS CESSATION OF HOSTILITIES.

Such is the report received at Washington on seemingly good authority—Planned to Keep Troops in Camp Several Days Before Following Up Filipinos—Many At Washington Believe Our Troops Are Not Pushing Campaign, Because Commanders are Advised That Aguinaldo May Quit—Otis Says Our Army Is in Excellent Spirits.

Manila, April 1.—[Special].—General MacArthur took dinner last night and slept in the hall of Filipino congress. The troops were worn out and are resting.

It is planned to keep them in camp at Malolos for several days before following up the Filipinos.

Wheaton's brigade camped along the railroad track, guarding against surprise from the rear.

Cessation of Hostilities

Washington, April 1.—[Special].—It is reported here on seemingly good authority that Aguinaldo has sent trusted friends to treat with the American commissioners for a cessation of hostilities.

Many believe that our troops are not pushing the campaign because the commanders have been advised that Aguinaldo may quit. Should he not do this within a few days, the plan is to renew the attack and do the hottest fighting of the season.

Prepare For Active Campaign

Washington, April 1.—[Special].—The following was received from Otis this morning: "Quiet prevails. Have directed the troops at Malolos and on the railroad on reconnoitering duty, who find the insurgents only in small forces in the surrounding country, and retire on the approach of our troops."

"A few of our troops are moving to a new position, and are preparing for a continued active campaign."

"The army is in excellent spirits."

"Otis."

War Department Officials Gratified

Washington, April 1.—[Special].—The war department officials are very much gratified at the conditions existing in the Philippines.

It is deduced from a dispatch received from General Otis that there is little left of Aguinaldo's army and that his troops do not wish to face the American soldiers.

It is supposed the scouting parties of Otis' army have been moving about from different points on the railroad lines and have encountered a few bands of natives, which Otis says retired upon the approach of the Americans.

The utmost confidence is placed in Otis' ability to handle the situation and no effort will be made to influence him from Washington.

It is believed that Otis desires just now to ascertain where the insurgents forces are located and in what number.

It is thought very probable that in the advance made from Manila to Malolos the insurgents have not retreated at or along the railroad track, but that some have gone into the rough country to the right of the railroad and may now be lying in wait to set upon small bodies of American troops or again destroy the bridges and track.

Malolos, April 1.—As this dispatch was sent the walls and roof of the burning insurgent palace are crumbling and falling, making ruins of the chamber where a few days ago the Filipino congress was in session.

The whole insurgent army and government are fugitives. Our bronzed battalions are sweeping through the streets of Malolos, which are a swirling vortex of flame and smoke, while Aguinaldo's palace burns like a sacrifice.

Hundreds of terrified Chinamen run shrieking among the fallen walls, praying for mercy, tossing their hands in the air, kneeling in supplication, some throwing themselves into the river, others looting.

Through the flames and smoke our cheering troops move, meeting little resistance. The insurgent army may continue to fight, but the prestige of the leaders is gone forever.

Our prisoners say that the Philippine republic is chaos.

The insurgents surrendered field works in which a thousand determined men could defy an army. As we approached Malolos Thursday Hale's and H. G. Otis' brigades were stretched between the sea and the mountains. The scene was indescribable for beauty and grandeur. The splendid line with its waving colors looked like a rainbow.

Troops Break Into Cheers

When the flag of truce appeared our troops broke into cheers and song. But when our messengers approached the truce bearers turned and ran two miles back to their capital. We began an instant pursuit and were received with heavy volleys from the outskirts. On

our right the jungle swarmed with little blue figures. It was the rear guard protecting the retreat of the rebel army and destroying the railroad track as they swept on before us.

The Americans camped all night, their line reaching across the valley, the generals holding a council of war around a campfire under a tree. They believed that on the morrow we might have to fight 20,000 men.

Battle Line Forms at Dawn

At dawn the line of battle was formed. Its order was this: The Third artillery and the Montana and Kansas regiments on the right; on the left the South Dakota and Nebraska regiments and the Utah battery.

The battle opened with a bombardment of the trenches in front. For half an hour our shells fell in a shower. From the huts the natives threw knives at the Kansas men, while showers of arrows fell upon our right.

Our right wing, unbroken, advanced over fields and through streams and thickets, taking the main trenches south of the city. They found them deserted. The condition of the rebel earthworks gave proof of the wonderful accuracy of our artillery fire.

A few trembling men came out to meet our advancing line of bristling steel. They said that the army had gone by the railway toward the interior.

Volleys from the woods harassed Hale's brigade and a few men were wounded. The Kansas men led the left as we reached the city.

At the end of the main street there was a stone barricade. Scattering bold spirits among the insurgents, concealed behind this, poured a hot fire into the Kansas ranks. But Col. Funston, leaping from his horse and swinging his hat, yelled encouragement to his men.

Kansas Men in Front

With the colonel at their head, the Kansas men dashed over the barricade and down the street with terrific yells, firing volleys as they ran. The Kansas boys followed the colonel as he leaped the barricade, and were with him when he reached the square where the walls of the flaming palace were crashing in.

Sweeping the square, the Kansas advanced to the other side of the town, where they rescued a hundred Chinamen, who were being driven to the woods by the Filipinos under threats to cut their throats.

The little city was a scene of desolation, but now in the square the American flag floats beside the still burning palace, while the troops cheer lustily. Our brown firing line extends in a crescent three miles from tip to tip. Having deserted Malolos, the insurgents can make no serious resistance. Their troops will become bandits. Three companies of the rebels threw their rifles into the river.

Aguinaldo's plan is to burn everything as he retreats, in the hope that the Americans will make terms.

Rest for the Victims

Our loss is almost nothing. Secretary Hay's and Senator Hale's sons witnessed the capture. Former Mayor Strong's son received a slight wound in the arm.

The victorious American army is resting and feasting, the few wounded being on a hospital train due at Manila in a few hours.

Guiguinto, five miles from Malolos, was taken on Wednesday afternoon without the loss of a man. The American line was then advanced to the bank of the Guiguinto river, from the opposite bank of which the enemy offered a stubborn resistance, being well entrenched.

At 6 o'clock in the evening the Kansas and Pennsylvania regiments crossed and were promptly reinforced by MacArthur's whole division, which crossed the bridge under a galling fire. At the sight of the magnificent gallantry displayed by our soldiers the insurgents rose out of their trenches, attempting to charge us, but our volleys put them to rout with heavy loss.

Trenches Filled with Rebel Dead

The insurgent trenches were filled with their dead as the enemy retreated into the woods. The insurgent officers carried whips and lashed the soldiers to make them fight. A captured officer reported to Gen. MacArthur that 5,000 of the enemy had been seen moving away from Malolos. The country is filled with rivers and ravines, and intervening ridges being covered with woods and brush, rendering them almost impassable in places. The Fourth cavalry swam several rivers. It was at Guiguinto that Wheaton joined MacArthur. Native newspaper and officers' orders which were found proclaim great loss to the Americans, reporting Otis, Hale and Egbert killed and many other officers mortally wounded. One of our prisoners says that as we approached Malolos residents pleaded with the insurgent authorities to surrender to the Americans, and that the pleaders were shot.

END IS BELIEVED TO BE NEAR

Washington Authorities Sanguine That Aguinaldo Will Weaken

Washington, April 1.—Despite the failure of Gen. MacArthur to pen Aguinaldo's force in Malolos, the end of the campaign is believed here to be a question of a short time.

The dispatches from Gen. Otis seem to indicate a purpose to pursue Aguinaldo to his new headquarters. This may be done by means of detachments of troops, and not by a single large command, since the rebel army is now apparently disorganized.

CHURCH PARLORS.

Basket Social Last Evening Was Well Attended—Musical and Literary Program Rendered—Rev. J. B. Noyes' Illustrated Lecture of Uncle Sam's Navy Was Very Interesting.

A basket social was given at the Baptist church parlors last evening, it being the last of a series of social gatherings which have been held from time to time during the past winter. The social last evening was well attended and all present passed a most enjoyable evening. Several musical and literary selections were rendered during the evening that proved a treat to all.

The program included a piano and violin duet by Mrs. A. C. Kempton and Will Harvey; a reading by Miss Imogene McDonald and a piano duet by Mrs. Clarence L. Clark and Miss Rose Hathorn. Light refreshments were served and everyone appeared to have the very best time possible.

Much Information Gathered.  
Last evening, the First M. E. church was well filled, the occasion of the gathering being for the purpose of gaining information as to Uncle Samuel's navy and especially the vessels that had taken an active part in the Spanish-American war. The exhibition was given by Rev. J. B. Noyes with the aid of stereoscopic views, which was very interesting and instructive. The views were excellent and the explanations were brief, but fully covered, and all were well pleased with the entertainment.

"Two Heads Are  
Better Than One."

One, however is the portion allotted to the average mortal. If this one aches and will not work properly, it is worse than none. When this condition is present, the stomach is blamed, the kidneys come in for censure and the liver is sure not to escape. As a fact, the blood is solely responsible for the condition of these organs.

Let your one head dwell on this fact, because it is the leading point in life and health. The natural blood purifier and tonic is Hood's Sarsaparilla. It has been "tried" and never "found wanting." It never disappoints.

**Scrofulous Hip Disease.**—"My boy, Willie had scrofulous hip disease from a baby. Abscesses developed. Months at the hospital, with best treatment, did no good. They said he would never walk again. He was helpless and wasted away. Nothing but skin and bone. Hood's Sarsaparilla had helped me, and I gave it to him. Imagine my delight at a wonderful change. Abscesses all healed, crutches thrown away. He is now tall and stout, perfectly well and the thanks are all due to Hood's Sarsaparilla. Other mothers with crippled children should know this." Mrs. Emma V. Dyer, Walpole, Mass.

**Grip.**—"Was in very bad condition after an attack of grip. Nothing helped me and I almost gave up hope. I am strong and feel better now than in twenty years, all because I took Hood's Sarsaparilla. It made my blood rich and pure." JOHN O. DUNCAN, 649 Russell Ave., Indianapolis, Ind.

**Scrofulous Humor.**—"I was in terrible condition from the itching and burning of scrofulous humor. Grew worse under treatment of several doctors. Took Hood's Sarsaparilla and Hood's Pills. These cured me thoroughly." J. J. LITTLE, Fulton, N. Y.

**Pure Blood.**—"My work was formerly a burden but now it is a pleasure, and all because Hood's Sarsaparilla gave me new, pure blood. I now have good color and eat well." Mrs. ALFRED A. HOWARD, 105 Sumner Street, Taunton, Mass.

## SPOONS AND EDUCATION

In his signed statement in Sunday morning's Recorder, Mayor Thoroughgood says: "However, my democratic friends have not dominated a man [Mr. Thoroughgood] who was born with a silver spoon in his mouth, nor one who has had the advantage of a military, or the higher branches of education, but enough of the latter to enable him to come out the end of the year on the right side of the ledger so far."

What does the mayor mean? Was Victor P. Richardson "born with a silver spoon in his mouth"? We confess that we do not know, but if he was, would it prevent his filling the office of mayor?

We all know that Mr. Richardson has had "the advantages of a military," and "the higher branches of education," but has the fact made him any the less a good citizen? And is the fact to his discredit?

What does the mayor mean by his reference to "coming out on the right side of the ledger"? Does he mean to insinuate that Victor P. Richardson has been coming out on the wrong side? It would appear that this was the design for the reference to "military education" was clearly meant to refer to Mr. Richardson's schooling at West Point military academy. And if this was the design, what was the point intended to be made?

Do you approve of Mr. Thoroughgood's course in this matter, Mr. Voter? Are such methods fair? Can you justify the use of unjust and untruthful insinuations by a candidate with the evident desire to reflect upon his opponent?

Everyone knows that Victor P. Richardson is an honest, progressive, energetic, and successful business man. The fact that he has a good education further fits him for the duties of both private and public life. Therefore, Victor P. Richardson is an ideal candidate, and all efforts, on the part of his opponent, to belittle him by insinuation, fail in their object.

**VOTE STRAIGHT TICKET.**  
Next Tuesday is election day. Have you made up your mind how to vote? The republican ticket is composed of unusually good timber this year, and should have your support. You know all the men whose names appear on the list. They are all well known residents, and have the confidence and esteem of the people. Full reliance may be placed in them, and the interests of the people will be well guarded if placed, in such hands.

Janesville is a republican city, and all republicans are proud of that fact. The party should not lose this prestige. The people of other cities will be watching for the news from Janesville on Wednesday morning, and the word sent them should be that "the republican ticket was elected."

Stand by the ticket and your duty will have been discharged. A straight vote is a center shot. All the candidates are excellent men for the various offices, and no mistake will be made in electing them.

The people of the Fifth ward can choose no better alderman than Charles M. Warren, the republican nominee. Mr. Warren is a man of ability, and would look after the interests of the city and ward at all times. His personal character is of the highest order, and he is in every way qualified for the place.

**BADGER FOR CITY CLERK.**  
Arthur E. Badger has won much praise by his dignified, straightforward canvass of the office of city clerk. He has made many new friends, and there is every indication that his majority this year will be larger than ever.

The experience of four years has added to Mr. Badger's efficiency in the office of city clerk and has made his reelection especially desirable. In every ward in the city Mr. Badger's nomination has added strength to the ticket.

Judge L. F. Patten is widely known as a lawyer, and his years of experience at the bar and on the bench are of value to the people who have law suits to try. Judge Patten is the republican candidate for justice, and that he will be elected goes without saying.

Mr. Richardson's qualifications are admitted, he has made a clean campaign, and has gained strength every day. Hence, there is no question about his election—the honor is clearly due him, no matter from what standpoint the situation is viewed.

George H. Davey does all his work with painstaking care—just as the sealer of weights, and measures should. Reelect him, and when you buy of merchandise you will know that you get full weight and measure.

W. B. Stoddard's record in the council was most creditable, and Second ward people will naturally pay him the compliment of again electing him to the office of alderman.

First ward voters will render a service to the people by re-electing Walter S. Rice as alderman. Mr. Rice has made an excellent councilman.

The democratic candidate for mayor has formed a new party with himself as proprietor—the "Official democracy," or democracy for all purposes.

Candidate Lamb's friends have not forgotten that Candidate Thoroughgood is "pleased to say a good word" for Mr. Lamb's republican opponent.

Janesville is naturally a republican city, and will remain so. If the republicans do their duty the majority will be larger than ever this spring.

John Thoroughgood is now a democrat, but there are hundreds of democrats who do not fancy his method of becoming a democrat.

No one questions but what N. Frederick would fill the office of street commissioner to the satisfaction of all. Vote for him.

Vote for S. C. Burnham for school commissioner at large. He is an excellent man for the place.

What would have happened if Thursday night's fire had occurred when so many of the hydrants were frozen?

The aldermanic candidates on the republican ticket are all worthy of support. Vote for them.

City Clerk Badger is a trustworthy and capable official. Reelect him.

Elect the whole whole republican ticket from top to bottom.

Victor P. Richardson is the man for mayor. Vote for him.

Richardson, Victor, Sept.

Vote the judicial ticket.

**WHAT HAPPENED TO JONES**  
Good Attraction Billed Here For Next Monday Evening.

George H. Broadhurst's farce "What Happened to Jones," which is here Monday evening, is described by a "hilarious sufficiency." It is such a thing known to anatomists as muscles of risibility what happens to the audience when they see Jones is certainly a strain upon them. This great success, and the best evidence that "Jones" is a success is the fact that big crowds go to see it in every town it is played, is simply a spirited, brightly written, well constructed bit of nonsense presented by a capable company of players. All that happens to Jones is due to the desire of the police to lay hands upon an offender in the incident of a lively evening. He finds refuge in the home of a hen-pecked college professor, who has a black eye to account for to the head of the house. The fugitive Jones's masquerades as his best brother, an Australian bishop and has abundant chance to prove his ability as a cheerful liar.

## EIGHT WOLVES WERE KILLED HERE TODAY

TOWN OF PLYMOUTH FARMER  
GETS BIG BOUNTY.

Massacre Took Place In Park Hotel  
Barn Officiated Over By Chairman of  
the Town Board Which the Law  
States Must Be Done—Eighty Dol-  
lars Bounty.

This afternoon in the Park Hotel  
barn, on South Bluff street, a whole-  
sale massacre of twelve wolves took  
place.

Eight young animals gave up their  
lives, being killed in a club in the  
hands of Joseph W. Flint, of the town  
of Plymouth.

The execution was witnessed by a few  
invited guests and was officiated over by  
Chairman Grunhard, of the town board.  
After death had been pronounced, the  
process of scalping the dead in regular  
Indian fashion, took place, the knife being  
in the hands of the executioner.

With eight scalps in his possession,  
Mr. Flint lost no time in making his  
way to the office of County Clerk Frank  
P. Starr, where he exchanged his scalps  
for \$80 in cash as bounty from the  
county and state.

While hunting ducks in the Hanover  
marsh late yesterday afternoon, Mr.  
Flint came across a number of wolf  
tracks in the snow. He had a good dog  
along and the animal on locating the  
tracks, followed them a short distance  
towards an old hay stack. As the dog  
sprang on the hay a full grown wolf  
emerged in a hurry and made its way  
with all possible haste into neighboring  
timber. The dog then remained on the  
hay and kept up a loud barking till his  
master arrived.

In one corner of the stack Mr. Flint  
discovered eight baby wolves that had  
just been left by their frightened  
mother. They were nestled close to-  
gether and were but a few days old.  
They were easily captured and were  
taken to Mr. Flint's home which is on  
the M. M. Phelps farm in the town of  
Plymouth. This morning they were  
brought to Janesville, killed, and ex-  
changed for \$80 in cash.

"Wolves have been plentiful the past  
winter in the town of Plymouth near the  
Hanover marsh," said Mr. Flint this  
afternoon. "Last Sunday I saw seven  
full grown ones near our farm, but they  
always manage to escape before one can  
get a good shot at them."

## SENDS OUT MANY INQUIRIES

Rev. Keimpton is Now Trying a Most  
Novel Plan.

Rev. A. C. Keimpton, pastor of the  
Baptist church, has sent out 1500 slips  
among the people of Janesville, asking  
them to state their difficulties with the  
bible, and on the basis of their replies  
will give a series of lectures Sunday  
evenings of April and May on such  
themes as follows:

How We Got Our Bible.  
Is the Bible True?  
Is the Bible Inspired?  
The Bible and Evolution.  
Difficulties with Geology.  
The Spade and the Scriptures.  
The Bible and the Nation.  
Will the Old Book Stand?  
These subjects will be frankly dis-  
cussed in the light of modern science  
and the higher criticism. Never in the  
history of the world has the bible re-  
ceived as much study and attention as is  
given it today; and all who are interest-  
ed in it, whether from the standpoint of  
doubt or the standpoint of faith, will do  
well to hear these lectures.

## CYCLERS HAVE CLAM BAKE

Arranged for the Third Day of the  
Coming Bicycle Meet

Members of the arrangement commit-  
tee of the Janesville Cycling club, who  
will entertain visiting wheelmen who  
come to the state cycle meet to be held  
here in July, have decided on a novel  
mode of entertainment, which will hold  
forth on the third day of the meet.  
They will hold a rousing clam bake, and  
Afton has been selected as the place  
where the festivities will hold forth. Be-  
ing near the Wisconsin and Illinois  
state line, the location was thought  
most ideal as it will draw hundreds of  
cyclers from many points in both states.  
Cheap excursion trains will be run on  
both roads.

## FAVOR CEMETERY CHAPEL

Before Long One May Be Erected in  
Oak Hill Cemetery

The erection of a chapel in Oak Hill  
cemetery, may be carried out in the near  
future.

A member of the cemetery board of  
directors stated this morning that he  
had been approached on the subject by  
two local divines who were strongly in  
favor of the erection of such a building,  
deeming it necessary in a place the size  
of Janesville.

In many cities not half the size of  
the Bower City, cemetery chapels are  
supported. They are a most necessary  
place to hold funeral services.

The cost of a modern structure here  
would not exceed a thousand dollars.

## REV. WILSON RETURNS TODAY

Called to Cleveland to Attend Funeral  
of His Sister

Rev. A. G. Wilson, the new pastor of  
All Souls church, who was called to  
Cleveland to attend the funeral of his  
sister, who died very suddenly in that  
city, will return to Janesville this even-  
ing and tomorrow morning at 10 a. m.,  
will deliver an Easter day address from  
his pulpit.

All the ladies taking part in the  
Lady Minstrels are requested to meet  
Monday night, at the Caledonian club  
rooms.

HOLLANDAISE SAUCE.—For half a  
pint of sauce use half a cupful of butter,  
one-third of a cupful of boiling water,  
the yolks of four uncooked eggs, 1 1/2  
teaspoonfuls of lemon juice, half a tea-  
spoonful of salt and one-tenth of a tea-  
spoonful of cayenne. Fill a bowl with  
water; immediately pour out the water  
and wipe the bowl dry. Put the but-  
ter into the bowl and beat until soft and  
creamy, add the yolks of the eggs one by  
one and beat until they are blended with  
the butter; add the lemon juice and the  
salt and pepper and beat until smooth;  
then take out the spoon and beat  
the mixture with the Dover beater for  
three minutes. Place the bowl in a pan of  
boiling water, being careful not to have  
the water come so high that it will boil  
the mixture; add one-third of a cupful  
of boiling water and beat until the sauce  
is as thick as a mayonnaise sauce, beat-  
ing constantly with the Dover beater.  
Serve with all kinds of fish and with il-

## TEACHERS' MEETING HELD IN WHITEWATER

SOUTHERN WISCONSIN TEACH-  
ERS' ASSOCIATION.

Seven Hundred Members Attend—Prof.  
Hutton, of Normal, Welcomes the  
Delegates—Prof. Jackson Reads An  
Interesting Paper—Various Topics  
Fully Discussed.

Janesville was well represented at the  
teachers' meeting held in Whitewater  
yesterday, there being several local  
teachers in attendance.

Southern Wisconsin Teachers' associa-  
tion was called to order yesterday morn-  
ing in the Normal school building by  
President W. N. Parker. Prof. Upham  
presented a gavel. Prof. Hutton, of  
Whitewater Normal, welcomed the teach-  
ers. Prof. M. H. Jackson read a paper  
on "Lickin' and Larnin'" in which he de-  
veloped the necessity of corporal punish-  
ment, but believed it could not expedi-  
ently be entirely abolished. The paper  
was one of the features of the meet-  
ing.

Manual training by a class at work,  
attracted much favorable comment. In  
discussion it was said to be the coming  
education. C. W. Smith of Kilburn,  
discussed the question of "Entrance  
Tests in the High School." He pleaded  
for a greater recognition on the part of  
higher education for the common  
schools.

Today's session brought the atten-  
dance up to nearly 700.

A paper by High School Inspector  
W. D. Parker on "Defects in Our High  
Schools," was closely listened to. Dr.  
Stearns of the university, in discussing  
the paper, said he wished to have high  
schools improve their grammar depart-  
ments, and gave some encouraging  
words for closer touch of the teachers  
with the people.

The meeting is said to be one of the  
most pleasant gatherings in the history  
of the state. Today brought many  
more teachers and fully tested the capac-  
ity of the town to care for them. To-  
day's program is a most interesting one.

## ANOTHER PRETTY WINDOW

Spencer's Easter Shoe Display a Very  
Artistic Idea.

There are many handsome windows  
this season, in fact, more than for many  
years past; and as pretty as any it not  
more artistic because of its simplicity in  
design is that of Spencer's on the  
bridge. A large doll tastefully dressed  
clinging to a cross furnished the center  
piece and the delicate blending of colors  
in the front and back ground together  
with the smilax and potted flowers and  
deep mirrors with which the window  
abounds make a particularly pleasing  
effect. The point that catches and holds  
the eye of the passer by is the excellent  
display of tasty spring footwear. A  
prominent feature of the Spencer win-  
dow is the display of shoes on the new  
"manish" last, both black and  
tan, and these styles will  
be favorite this season. The leather is  
vici kid, soft and pliable and the soles  
are hand turned giving comfort, style  
and wear. The two great lines for men  
that have been so successful in the  
Spencer business of the past are shown  
in great strength for spring wear,  
Hanan foot form and the Regent  
\$3.50 line for men. The Regent shoe at  
this price is also made in the low cut  
for warm weather Ogan & Sons' shoes  
for boys and a splendid range of peer-  
less fitters for misses and children are  
much in evidence in this display.

## MANY SOCIAL FUNCTIONS

Several Gay Events Are Scheduled Here  
Following Lent.

The Lenten season is rapidly drawing  
to a close and the social events are  
rather less than usual, even those who  
do not observe the season waiting for  
the festivities of the Easter week. How-  
ever, there are a number of events for  
the week and the seven days following  
after the Easter Sunday will be filled  
with parties and dances.

The usual club gatherings will be held  
in all parts of the city.

Two good attractions are booked for  
the opera house next week and the com-  
ing week promises to be a gay one.

## NEW MAN IN CHARGE OF STREET CARS

G. J. HURD, OF TOLEDO, NOW  
SUPERINTENDENT.

Has Had Abundant Experience With  
the Problem of Handling Summer  
Park Crowds—Not Yet Prepared to  
Announce Changes in Operating  
Plans.

Superintendent George J. Hurd took  
charge of the Janesville street railway  
today, and when a Gazette reporter saw  
him this morning he was busy looking  
over the machinery.

"What changes are likely to be made  
in the operation of the road?" he was  
asked.

"It is too early to say" with any de-  
gree of certainty. I have not had time  
to look the ground over," he said.

"Then Mr. Blabon has not sent for-  
ward any special plans for reorganiza-  
tion?"

"No, in fact I have not seen Mr. Bla-  
bon. Our arrangements were made by  
correspondence."

Mr. Hurd comes here from Toledo,  
Ohio, where he was night superintend-  
ent of the Toledo Traction Co. lines.  
The Toledo company operated an aver-  
age of 126 cars the year around. In  
summer the average is 140 on work days  
and on Sunday everything that has  
wheels is pressed into service to care for  
the traffic to Casino Park. This park  
and the Casino theatre belong to the  
street railway company and are re-  
sponsible for a large share of the busi-  
ness.

Mr. Blabon has had the idea of a  
Janesville park under discussion for  
several years, and Mr. Hurd's familiar-  
ity with this special line of work had  
much to do with his selection.

## AT ALGER'S REQUEST.

## Trial of Refrigerator Beef—Given as an Experiment.

Washington, April 1.—Testimony of a startling character was given before the court of inquiry Friday. This evidence indicates:

1. That the secretary of war ordered Gen. Eagan to award the contract for the refrigerator beef to Swift & Co.
2. Gen. Eagan at that moment was negotiating, or pretending to negotiate, with cattle dealers for the supply of the army with cattle on the hoof.
3. The secretary of war and his commissary-general both considered that the refrigerator beef was an experiment.

4. Gen. Eagan knew that Swift & Co. had a process for the preservation of beef. Wednesday he testified that Armour & Co. had made a bid to furnish processed beef to the government. When Gen. Eagan swore that Secretary Alger knew all about the contracts and that at least one bid was for processed beef the court let the statement go on record unchallenged. Friday evidence of equally vital importance against Secretary Alger was added to the record without comment by the court. This was given by Col. G. H. Giddings and Gen. J. H. Sypher. The former is a dealer in Texas live stock, the latter is an ex-member of congress and an attorney for certain live-stock merchants. Col. Giddings said:

"On the night before July 1 I found that Gen. Eagan had reconsidered the giving of contracts for beef on the block. I went to his office and he said: 'The secretary of war sent for me last night. He told me there was so much difference in the cost I had better give the refrigerator men a trial.'

"I said: 'General, did he order you to do it?'

"Gen. Eagan replied: 'No, he did not order me, but his wish amounts to an order.'

A majority of the army surgeons expressed the opinion that the canned beef was unsatisfactory as food for the troops, but some of them thought it no more harmful than other meat in the Cuban climate.

"A very aggravated case of catarrh has been entirely cured for me by taking 'Orangeine' as directed."

## Cattle Quarantine in Wyoming.

Cheyenne, Wyo., April 1.—The governor has issued the annual cattle quarantine proclamation. This decrees that all cattle from south of the 37th parallel must be accompanied between Jan. 15 and Nov. 15 with affidavits showing that they have for thirty days been north of the infected district defined by the secretary of agriculture Dec. 20 last.

Messrs. Cunradi Bros., Masonic Temple, Chicago, say: "'Orangeine' is all you claim and more."

## Heavy Clearings at Chicago.

Chicago, April 1.—March broke the record in point of clearings. Total payments through the banks during the month ending to-day were \$560,234,869, an increase of \$146,528,042, as compared with the total for the corresponding month last year. This increase is also the largest that has ever been shown for any one month in the history of the local clearing house. The nearest approach to the March record of clearings was last December, when the exchanges aggregated \$573,249,326.

## Chicago Loses Convention.

New York, April 1.—It is announced that the national congress of mothers will probably hold its next convention at Des Moines, Iowa, instead of Chicago, owing to the pressing invitations received from Iowa, including one from Gov. Shaw.

Dredge well with salt and pepper and sprinkle a teaspoonful of fine chopped parsley over the dish. Cover with a pint of cream sauce and place in oven for 10 or 12 minutes. In that time the potatoes should become browned. To make sauce, put one tablespoonful of butter into a frying pan. When melted, add a tablespoonful of flour. Stir until mixture is smooth; then draw back to a cooler part of the stove and gradually add a pint of milk. Season with salt and pepper, and when the potatoes are almost brown sprinkle over the top of it a little grated cheese and allow it to brown.

## Candy for Soldiers.

New York, April 1.—Before the departure of Secretary Alger from Washington he approved a circular authorizing candies in half pound packages to be kept on hand for sale as staples to officers and enlisted men of the army. This is similar to action taken in European armies, based on recent discoveries as to the food value of sugar.

## Government Closes College.

St. Petersburg, April 1.—In consequence of a renewal of the student disturbances, the government has closed the University of St. Petersburg and dismissed all the students, at the same time issuing an order that all applications for reinstatement must be made through the mails.

## NOTICED THIS BEFORE

You Probably Have and May Have Spoken About It.

The reader of this newspaper if he takes the time and trouble to look carefully through its columns, will probably find half a dozen statements packed on to the foot of reading notices about proprietary articles. Note this fact. In each and every instance as far as Janesville is concerned, as far as the reader's knowledge of the party is concerned he might just as well live in the moon. Make another note of this. The only remedy on the market which gives testimony at home, local proof in every town and city in the Union, to back up its claims, is Doan's Kidney Pills. They all try it but they cannot do it. Why they are unable to do it can safely be left with the reader to draw his own conclusions. Here is Janesville proof for Janesville readers.

Mr. Geo. Pratt, of 201 S. Main St., salesman at Brown Bros. Shoe store, says: "I feel that I can guarantee Doan's Kidney Pills for curing kidney complaint. I was subject to it for several years, had a doctor treat me for quite awhile, and as long as I took the medicine I was helped, but as soon as I quit the trouble returned. I took other remedies, but without being benefited. Finally learning about Doan's Kidney Pills I procured them at the People's Drug Co's. store and took them. They cured me. My symptoms were mostly backache, the kidney secretions contained sediment and were too frequent in action. You are welcome to use my name as one who recommends Doan's Kidney Pills, and I shall be glad to speak a good word for them at all times."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

"SO WE PART TO-DAY, CARLO." Her slender throat and fled like that of a woman. "But he was, not daring to wait for the Englishman, who arrived to find his sweetheart in the death pang. The assassin fled to the mountains bordering the Maremma, it was said. Broken-hearted, the Englishman left the neighborhood to search for the murderer, folks believed, and wandered the world over for years, carrying with him one souvenir of the cowardly crime—the deadly stiletto, which the criminal in his haste had not plucked from the wound. Look at it, Carlo." He took from his pocket the weapon of which he spoke and advanced to the bound man, swinging it lightly in his hand. Great beads of perspiration rolled down the Italian's face, his eyes became awfully prominent and his lips twitched convulsively as he stammered, "Signor, the cord cuts."

"I am sorry to say that you must endure it for a few more minutes, Carlo—I beg your pardon, Fileppo. Now look steadily and know me at the best for I am the Englishman whom

## "There are None So Blind as Those Who Will Not See"

There are some people who cannot be convinced that white is white and black is black, because they are determined to have their own way about it. Very good. Such people go through life missing the great truths and the greatest happiness as well as comfort.

There are others, again, who are convincible. It is to men of this class that we like to talk about the merits of the STEIN-BLOCH merchant tailored, ready-to-wear and quite-sure-to-fit clothes.

They are better than nine-tenths of the made-to-measure clothes turned out in this city and the equal of the other tenth.

Stein-Bloch clothes cost about half the price of made-to-order clothes and have every desirable attribute of the very best made-to-measure garments, besides embodying many unmatched features strictly their own. That is why we say investigate the merits of these clothes before going to a tailor. You risk nothing and stand to win a lot.

### WILL END WAR IN SAMOA.

Plan to Adjust the Dispute Is Suggested by Germany.

Washington, April 1.—A joint high commission to settle the entire Samoan trouble has been practically agreed upon by the United States, British and German governments. Lord Salisbury's absence from London alone delays the formal acceptance

by Great Britain, though in his absence Sir Thomas Sanderson and Mr. Villiers, who are understood to be especially familiar with the Samoan question, have approved the plan for a commission. The United States have informally expressed their approval, and the formal acceptance, it is learned from the highest quarter, will follow speedily. As the proposition emanates from Germany, her ap-

proval, of course, is assured. This high commission, it is felt, affords a pacific solution to the whole trouble at the moment when Samoan affairs began to look the most threatening.
